RESOURCES

Only top-level documentation hubs are listed here until verified. No URL below has been fetched in this session. Per-lesson resources are in each lesson's section 14, with verification status.

Official

Resource	URL	Notes
React documentation	https://react.dev/	Primary source. Release/version info at https://react.dev/versions
React source	https://github.com/facebook/react	Reconciler lives under `packages/react-reconciler`, scheduler under `packages/scheduler` (verify paths against current tree)
React RFCs	https://github.com/reactjs/rfcs	Design discussions
React Working Group	https://github.com/reactwg	Discussions, e.g. React 18 / 19 working groups

Platform

Resource	URL
MDN Web Docs	https://developer.mozilla.org/
HTML Standard	https://html.spec.whatwg.org/
ECMAScript spec	https://tc39.es/ecma262/
TypeScript docs	https://www.typescriptlang.org/docs/
web.dev	https://web.dev/
Chrome for Developers	https://developer.chrome.com/

Ecosystem (add verified deep links per phase)
